

2018 IEEE Aerospace Conference

Technical Cosponsors: AIAA & PHM Society
 Yellowstone Conference Center in Big Sky, Montana
 March 3 - 10, 2018

Call for Papers

Abstract Due Date (300 - 500 words) : July 1, 2017
Paper (6 - 20 pages) Deadline : October 20, 2017
Reviewed Paper Returned to Author : November 10, 2017
Final Paper Deadline : January 8, 2018

All submissions are electronic at : www.aeroconf.org

Registration Opens: October 2, 2017

The 39th in a series of annual, week-long, winter conferences designed for aerospace experts, academics, military personnel, and industry leaders will be held in Big Sky, Montana March 3-10, 2018. The Conference promotes interdisciplinary understanding of aerospace systems, their underlying science and technology, and their applications to government and commercial endeavors. Attendees enjoy exceptional access to authors and invited speakers in a setting ideal for developing lasting relationships benefiting participants, their organizations, and the engineering, scientific, and aerospace communities.

TECHNICAL PROGRAM

This Call invites submission of papers reporting original work or state-of-the-art reviews that enhance knowledge of: (1) aerospace systems, science, and technology; (2) applications of aerospace systems or technology to military, civil or commercial endeavors; (3) system engineering and management science in the aerospace industry; and (4) Government policy that directs or drives aerospace programs, systems, and technologies. The technical program will present key innovations and achievements in aerospace technologies and their current and future applications.

14 Tracks

1. Science & Aerospace Frontiers: Eight Plenary Sessions
(Key addresses by leading scientists and leaders in government and industry)
2. Space Missions, Systems, and Architecture
3. Antenna, RF/Microwave Systems and Propagation
4. Communication & Navigation Sys. & Technologies
5. Observation Systems and Technologies
6. Remote Sensing
7. Spacecraft Avionics Sys., Subsys & Technologies
8. Spacecraft, Launch Vehicle Sys. & Technologies
9. Air Vehicle Systems and Technologies
10. Software and Computing
11. Diagnostics, Prognostics, and Health Management
12. Ground and Space Operations
13. Management, Systems Engineering and Cost
14. Govt. Plans, Policies & Education - High Level Panels

(>100 Technical Sessions—See “Call for Papers” at www.aeroconf.org)

JUNIOR ENGINEERING AND SCIENCE CONFERENCE

A concurrent conference for junior engineers, grades K-12
 See “Junior Engineering” at www.aeroconf.org/junior-engineering
